EDUCATION

B.S. in Computer Science | Worcester State University

Concentrations: Software Development, Big Data Analytics

SEPTEMBER 2018 – PRESENT (PENDING MAY 2022 GRADUATION)

B.S. in Mathematics | Worcester State University

Concentration: Statistics and Modeling

SEPTEMBER 2018 – PRESENT (PENDING MAY 2022 GRADUATION)

Current cumulative GPA: **3.971**

Relevant Coursework

- Algorithm Analysis
- Data Structures
- Data Analysis
- Calculus I, II, III
- Cloud, Parallel & Dist. Computing
- Data Mining
- Probability and Statistics
- Software Qual. Assur. & Testing
- Discrete Structures I, II
- Software Constr., Des., & Arch.

Programming Languages (in order of familiarity)

- Python 3
- Java
- R

WORK EXPERIENCE

Discrete Mathematics Tutor | JANUARY 2021 - PRESENT

Tutored: Sequences, series, induction, recursion, proofs, functions, and set theory

Undergraduate Summer Research Fellow | MAY 2021 – AUGUST 2021

Created a reporting tool capable of studying racial and human equity in the STEM dept.
Refactored R scripts to improve functionality, visualization design, and efficiency.

IT Support Technician | Percy's TV and Appliance | JUNE 2018 – MARCH 2020

IT troubleshooting, printer server and Windows 10 configs, and assisted the IT Director with various rollouts of new software systems and hardware.

TECHNICAL SKILLS

- Object-Oriented Programming
- Data analysis
- Problem solving
- Docker
- SQL
- Git

SOFT SKILLS

- Clear communication
- Leadership
- Initiative
- Time management
- Persistence
- Attention to detail

HONORS AND AWARDS

- **Bay Path RVTHS Valedictorian (2018)**
- Worcester State Foundation Academic Major Award in Computer Science
- Worcester State University Presidential Scholarship (2018-2022)
- Worcester State University Dean's List (FA2018, SP2019, FA2019, SP2020, FA2020, SP2021)
- Phi Eta Sigma National Honor Society (April 2019)
- 1st place - MA DECA Sports and Entertainment Promotion Plan (2018)
- 1st place – MA SkillsUSA Career Pathways: Business, Management and Technology (2017)
- Worcester County Superintendent's Association Scholar Award (2018)
- President's Award for Educational Excellence (2018)
- Leadership in Mathematics (2018)
- National Honor Society (2016-18)
- Southbridge Rotary Club Certificate of Academic Achievement (2018)

PROJECTS

- Software Development Capstone Experience (2022)
 - o Rebuilt a RESTful API and backend with five other programmers in an Agile environment to allow a community of food pantries to retrieve food safety information
- Mathematics Major Capstone Experience (2021)
 - o Developed and optimized Keras Sequential Convolutional Neural Network to classify an image of a skin lesion as melanoma or not with 62% accuracy
- WPI Launch: Python Programming (2021)
 - o Assisted instruction of incoming high school students in fundamental Python coding

LIST OF COURSEWORK:

Math:

Calculus I, II, III

Statistics I

Probability*

Statistics

Linear Algebra

Theory of Proof

Mathematical Modeling

CS:

Introduction to Programming

Basics of Computer Science

Discrete Structures I, II

Data Structures

Computer Networking & Security

Unix Systems Programming

Database Design and Applications*

Algorithm Analysis*
